Subject: Ranked Choice Voting - need to contact vendors

We need to contact the main voting machine vendors to see if they have received EAC certification for any of their systems that also can do ranked choice voting. **Would any of you be willing to contact the following vendors** to see if they have any certifications?

- Dominion:
- ES&S:
- Everyone Counts:
- Hart:
- Clear Ballot: Ryan (voluntold)

As of last year this time, only one system (Unisyn) has EAC certification for a system that allows ranked choice voting. If this is going to be one of our main arguments against Rep. Robert's amendment to HB334, we should make sure our facts are correct. I checked on the EAC site and found that Hart InterCivic also appears to have an EAC certification for a system that has ranked choice voting functionality. The results are as follows, but I'm not sure I've looked at all of the right documents.

EAC Certified, but NOT for Ranked Choice

- Dominion's Voting Democracy Suite 4.0 and Assure 1.3.
- ES&S's EVS 5.0 and Unity 3 series
- MicroVote EMS

Subject: RE: Teuscher's affiliation bill barely passed the house, and has been changed

Essentially this bill makes the deadline to designate or change party affiliation March 31st. Voters new to the state can join a party at any time. I do not think it allows unaffiliated voters to vote in a closed primary – and the language is awful.

Help me out here, but this language makes no sense to me and I think it should just be stricken from the bill, or modified to apply only to a presidential primary that is not in conjunction with the regular primary election, as there is absolutely no intention of letting an unaffiliated voter join a party after April 1 and vote in a primary. Since that is the case, I see no need for any of this confusing language to exist.

20A-2-107.5. Designating or changing party affiliation -- Regular primary election and presidential primary election.

(1) At any regular primary election or presidential primary election:

(a) each county clerk shall provide change of party affiliation forms to the poll workers for each voting precinct within the county; [and]Affiliation forms at the polls

(b) [any] except as provided in Subsection (1)(c), a registered voter who is classified as "unaffiliated" may affiliate with a political party by completing the form and giving it to the poll worker[.]; andUnaffiliated voters can join a party by filling out form except between April 1 and the Primary

(c) for an unaffiliated voter who was affiliated with a political party at any time between April 1 and the date of the regular primary election, a form described in Subsection (1)(a) takes effect on the day after the regular primary election.

(2) An unaffiliated voter who affiliates with a political party as provided in Subsection (1)(b) may vote in that party's primary election. This line is misleading as they CANNOT VOTE in a closed Primary

Subject: RE: Teuscher's affiliation bill barely passed the house, and has been changed

Here is what I came up with, I tweaked a few words. This does not address anything with the presidential primary election and party affiliation, although this bill affects that as well. I don't know what he intends to do with that.

69 (1) At any regular primary election or presidential primary election:
70 ~~(a) each county clerk shall provide change of party affiliation forms to the poll workers~~
71 ~~for each voting precinct within the county; [and]~~
72 ~~(a b) [any] except as provided in Subsection (1)(c), a registered voter who is classified as~~
73 ~~"unaffiliated" may affiliate with a political party by completing the form and giving it to the~~
74 ~~poll worker[-], submitting a party affiliation or registration form to the county clerk or a poll worker, except~~
75 ~~as provided in Subsection (1)(b); and~~
76 ~~(b e) for an unaffiliated voter who was affiliated with a political party at any time~~
77 ~~between April 1 and the date of the regular primary election, a form described in Subsection~~
78 ~~(1)(a) takes effect on the day after the regular primary election;~~ the party affiliation for a voter who
79 changes political party, or becomes unaffiliated from a political party, any time between April 1 and the date of
the regular primary election takes effect on the day after the regular primary canvass.
(2) An unaffiliated voter who affiliates with a political party as provided in Subsection
(1)(b) may vote in that party's primary election.

I like this language. Can you put it into the bill's lines, so we can show the sponsor exactly where it would go and what it would replace?

Thank you for working on this!

Subject: RE: Teuscher's affiliation bill barely passed the house, and has been changed

I would really like to clean this language up to clearly state what is and is not allowed. My understanding is that the intent is to allow unaffiliated voters to join a party at any time and be able to vote, unless at any point after April 1 they have joined a party and then unaffiliated (party hopping).

My proposed language would basically put a freeze on party switch parties or becoming unaffiliated after April 1. This takes away any potential administrative issues with having to track whether an unaffiliated voter was a member of a party after April 1. Please provide immediate feedback so I can get this language to the sponsor ASAP – I'm not sure he is willing to change the language, but I would like to try.

(1) At any regular primary election or presidential primary election:

(a) a registered voter who is classified as "unaffiliated" may affiliate with a political party by completing a party affiliation or registration form, except as provided in Subsection (1)(b); and

(b) the party affiliation for a voter who changes political party, or becomes unaffiliated from a political party, any time between April 1 and the date of the regular primary election takes effect on the day after the regular primary canvass.

(2) An unaffiliated voter who affiliates with a political party as provided in Subsection (1) may vote in that party's primary election.

Subject: RE: Thatcher Bill Draft
Attachments: resource chart.pdf

We should oppose this bill on the grounds that we need to evaluate this past election and identify areas that can be improved going forward. If after we make our recommendations the need is there for legislative action, then legislation can go forward from there.

Weber County had 9 vote centers and 100,969 active registered voters. Legislating a number of polling places in this manner will not solve long lines at polling places. What I feel like we need to do is take a long hard look processes, find efficiencies, and implement changes – policy or legislative – that are driven by logic and data. Approaching it in this manner will help us find ways to effectively process voters in every election.

There are few factors that are not even being considered by this bill:

1. Standing in line was optional in VBM counties. All active voters were mailed a ballot and provided with several options to return it including through the mail, in drop boxes before Election Day, and drop boxes on Election Day.
2. This was the first presidential election where many counties voted by mail.
 - a. Long lines were not unique to counties that voted by mail
 - b. Not all counties that voted by mail had long lines
3. Fifty-two percent of our ballots we cast on Monday and Tuesday. This was an unusual year where voters were reluctant to vote, and as a result held onto their ballot until the last minute or chose to come in and vote in-person. That being said, nearly 85 percent of our voters did not wait in any sort of a line.
4. In 2008 almost everyone in the entire state had huge early voting lines. As a result we all made adjustments and early voting lines have been reasonably short ever since. We see a problem and we fix it. We see a problem this year and we will fix it.

I am attaching a graph that shows the processing resources we had available to us on Election Day. The area shaded in blue represents the amount of processing time that was taken up by provisional voters and the orange area is what we had left over to process the regular voters. Provisionals consumed 58 percent of our poll worker's time, not properly anticipating the amount of time for provisionals was a factor in us having lines. Unfortunately I don't have good data on how long our lines were, but having one more polling place as mandated by this bill will not solve my issue with having lines.

Here is my main thought: We have formed a committee to study the provisional voting process. With the committee I would like to do a full-blown program evaluation report that can be used for years to come as a guide to provisional voting. With the group we have, I think we can do a comprehensive report that can be presented at the interim. Some of the areas I would like to look into are:

- 1) Survey voters that voted provisionally, get input from them and find out why they hadn't registered or updated their information
- 2) Survey or interview poll workers to gain input from them on what works, what could be done better, and identify new ways things could be done
- 3) Evaluate our current process to determine its strengths and weaknesses and to identify technology that could be used to more efficiently check voters in
- 4) Evaluate our current registration processes

Can you send this out to the policy committee and get their feedback? Thank you.

Subject: Caucus Night Precautions and an Update on SB83
Attachments: poster political parties.docx

Dear Fellow Clerks,

As we have discussed in our conference calls and meetings there is some concern from our political parties as to how they will process voters at the caucus meetings who have classified their record private. Regardless of our efforts to educate the parties on how to prevent issues on caucus night, they continue to use this narrative in their efforts to remove voter privacy (see the link below). This has the potential of creating an administrative headache for the caucus organizers, and a frustrating experience for attendees.

While the discussion continues with the Legislature regarding SB83, we felt it very important that regardless of what happens with the bill, our priority should be to ensure that the caucus organizers have the information and resources to be successful.

In an effort to help provide support for a successful caucus night for all parties, we have reached out to our County Chairs to offer assistance. We have provided them with a copy of the attached poster, which notifies "Private Voters" of steps they need to take to provide evidence of registration and party affiliation. We have provided instructions to our party chairs on how to use Vote.Utah.gov to find "Private Voters" when they don't appear on the list.

If our political parties will use this resource they will be able to find and verify the registration status of the private voters. This will help move the check-in process forward and avoid the necessity of having these voters complete an unnecessary voter registration form (which then we will have to deal with). Because the state parties seem disinterested in the caucus night solutions provided, I would encourage each Clerk to reach out to their local party chairs and communicate this information to them.

In regards to SB83, I presented a very brief overview of the solution discussed in last Thursday's meeting to Lincoln, but have not heard back. I will send a follow-up email to him today and will keep the group updated.

Attention PRIVATE VOTER

Your name will not appear on our lists

Using your smart phone go to

Subject: RE: HB253 - Does it make county candidates subject to campaign finance regulations?

Hi Ricky – Thanks for your input. I'll check with Justin today, but I want to put my thoughts in a more coherent format first. I apologize if I'm creating a tempest in a teapot and will gladly turn over the matter to the clerks and the LG. I think the issue can be capsulated by observing that it would be helpful if chapter 11 had an explicit section that said it doesn't apply to cities and counties. I have already fielded 3 inquiries about how HB253 will affect SLCo and whether we will have to amend our ordinance to reflect the new dollar amounts and criminal charges. I'll send you and Justin something this AM – Gavin

Hi Gavin,
Some comments from clerks and from Justin Lee at the LG's office. Would you mind giving Justin a call and going through this? His # is 801.538.1129

Justin: I disagree with his reading on that. It distinguishes a candidate from a person running for county or municipal office. It says "candidate or person seeking a municipal or county office." A candidate remains a state level office, while a person running for local office is different. This distinction is important for laws relating to PACs and Corporations. If we removed that there would be widespread ramifications - they inform several other code sections.

Clerks: Line 495 establishes a limit of 100.00 cash contribution. It does not specify for which office, I believe this may leave it open to assume that this is applicable for all races, including County races. Other than that I believe only impacts offices listed in lines 418-425 which are repeated a couple of times.

The \$100 cash contribution maximum also applies to PACs, Corporations and labor organizations. I see where it could apply to County races but it's ambiguous at best. It needs to be clarified as I believe a County Elected Official could receive unlimited "non-cash" contributions – no maximums specified for folks like us.

You are correct. Because of how it is listed, it could be implied that it applies to everyone. I would recommend this be clarified to identify for whom these restrictions apply. Other than this one line though, I don't believe it has any impact on the counties.

I reviewed the bill – seems targeted primarily to offices at the State level. The bill adds the State School Board Candidates to the mix.

Other thoughts?

Ricky,

I know that you were not implying we abandon course and I apologize if the email came across a little strong. My point is that for RCV to work best, they must fully implement. Letting us know that they might fully implement doesn't change our message. I like the idea of getting a video together that we can blast out. It should focus on multi-member district races and show how current law works. I think many of the legislators will be surprised to know that we would be moving votes from not only losing candidates but also winning candidates. We could also do a sample of what would happen in a multi-county House or Senate race. I believe this would allow many of the Legislators to identify the challenges without us directly stating to them what the challenges are.

Once again, sorry for any tone. It was not meant to be directed at you.

Thanks,

Curtis Koch

Thanks Curtis - I agree with you.

My asking the question, I didn't mean to imply that we abandon the argument, or that it was a temporary strategy. I just meant that if they address that concern, how do we best communicate the other concerns we have with RCV implementation? Trying to think ahead so we're prepared with a consistent voice.

Subject: rep. teuscher's voter affiliation bill update

The representative called me tonight and said his sub will have a affiliation deadline of March 31st.

I told him the clerks would still oppose, but we had a good discussion. He is very reasonable, But the parties want this in place, and it will ipass pretty easily.

Curtis and lincoln, after we meet with representatives stenquist, we could meet with him to talk a little more. I don't think it will change anything, but he would appreciate a meeting. Lincoln, I know you're super busy, so if that doesn't work for you, that's fine.

Ricky,

We'd love to cover the topic and get it on the air ASAP. When could we get together to record that program? Would it make sense to include that other point of view so we can point out the issues their proposal creates for clerks?

I also wanted to get an update mail in voting program recorded since there still seems to be a lot of misinformation about it's reliability. I think we would reair the story I did with Jon in Iron County to take people through the process.

We could shoot something as soon as this week or Sept. 1st or 2nd the following week. Please let me know what you would like to do.

Thanks,

Derek Dowsett

Attachments: SB114.docx; 2018 SB 114 proposed fix calendar.xlsx

Hello Everyone,

Thanks you to all who participated on this afternoon's call. Below is what was sent at 3:00 pm to UAC to present to Senator Bramble. Let me know if you have any questions.

Adam,

Thanks for your participation on the call this afternoon, your insight into how to best approach this issue was invaluable. Attached are two documents:

- A write-up of the key concerns with SB114, first and foremost being that from an election administration perspective, it is impossible.
- A time line that illustrates what tasks need to be accomplished with our proposed solution if the primary up was moved up to the first week in June. (Please note that this is an rough overview and is in no way a complete list of all the tasks that need to be accomplished.)

Please let me know how I can be of assistance as I am happy to clear my schedule.

Thanks again,

Curtis Koch

SB114 – Election Law Amendments

As County Clerks have the statutory duty to serve as the election officers for each county and as the election administrator for all federal state and county elections we have reviewed the proposals made in SB114 and provide this information for consideration.

From the County's point of view there are two primary concerns with this proposed bill

1. An administratively impossible timeline for election officials to meet.

The primary election will be held on June 26, 2018, a county would complete the canvass of the primary election on July 11, 2018 and the state would complete their canvass on July 13, 2018. Ballots for a by mail runoff election will need to enter the mail system on July 24, 2018 (three weeks prior to the runoff). Under the current proposal it would provide seven (7) business days from the date of the state canvass to the date that ballots will need to be mailed to the voters.

Seven business days is not sufficient time to plan and prepare for an election. Included is a list of the minimum tasks that must be completed with their associated timeline in order to appropriately prepare for a runoff election.

Proposed Solution- Move the primary election day to the first week in June.

As currently provided for in state statute we average a 60 day preparation window for each election. As clerks we have reviewed our procedures, associated tasks, and statutory requirements that need to be accomplished, and believe that these could be accomplished within the 53 days provided by moving the primary to the first week in June. This is the absolute minimum time we need to provide the citizens with a secure, efficient, and accurate election.

2. Lack of clarity on the financial support provided by the state for the cost of a runoff election.

Current estimate on a statewide runoff type of an election is \$2.9 million. The current draft says "within funds appropriated by the Legislature for this purpose, the lieutenant governor shall reimburse each county for the expense, as determined by the lieutenant governor, of conducting a runoff election under this section" Yet this bill does not appropriate any monies for this purpose, nor does it provide a guarantee that the amount determined by the lieutenant governor will cover the full cost incurred by a county.

Proposed Solution- Provide a method that requires the legislature to appropriate adequate funds for this purpose and a specified process that will provide a full reimbursement of county expenses for each runoff election.

Senator Bramble's SB114 puts a vote-by-mail runoff election right after a primary election in General Election years. The LG's office has consistently told him that it's not possible, and has gained some concessions, but as we look at the dates and deadlines, it is still an impossible task to complete.

The bill has A LOT of support and passed out of committee Monday. Bramble wants the bill passed through both houses by the weekend.

We'd like the clerks to be united in our position on the bill, and feel that we can't wait until Thursday, so we'd like to discuss Wednesday at noon.

Sorry for the unusual time, but we have to compete with commission meetings in many counties in the morning.

Thanks,

R.

Wow.....so if the Republican party chooses to be a Class B party, and you want to be the County Surveyor in Davis County, you need to gather 2,700 signatures. You want to go to Congress, THE CONGRESS, you need to gather 1,000 signatures. Yea, that makes sense.

Check out these changes.

For Class A parties, Increases from 66% to 70% threshold to win at convention without a primary.
For Class B parties, reduces signature requirements by 90%. (i.e., statewide used to be 28,000 - now they would be 2,800)

Not sure this impacts us much (except for fewer signatures to verify), but thought it was interesting.

Subject: Re: List of Bills as of Feb. 3

Below are some considered negotiation points for SB 52 that I have worked on with the Treasurer's group. We'll discuss them on tomorrows call.

Requested Changes to SB 52 from Treasurers Group by order of importance

- 1) Under59-2-1802 (3) change **shall** defer tax to **may** defer tax (line 44)
- 2) Theapplicant applying would be delinquent for property taxes for multiple years
- 3) Demonstration of a hardship by the applicant by having income (using samecalculation as used under the Circuit Breaker Program) of less than 1.5 timethe Circuit Breaker income level and the assessed value of the home would beless than the median assessed value of the County of residence
- 4) The applicant must be 75 years or older
- 5) The interest rate charged would be at a ratethat would deter the applicant from using the deferral of property tax as aninvestment tool. We feel the currentdeferral rate of 0.25% invites abuse of the program

We had some other concerns relating to trusts and primary residence as of January 1 but think the bill addresses those issues.

Have a good night,

Curtis Koch

Here's the call-in information: 1-877-820-7831,,122966

Domestic Violence

WHAT IS DOMESTIC VIOLENCE?

Domestic violence is the willful intimidation, physical assault, battery, sexual assault, and/or other abusive behavior as part of a systematic pattern of power and control perpetrated by one intimate partner against another. It includes physical violence, sexual violence, threats, and emotional/psychological abuse. The frequency and severity of domestic violence varies dramatically.

DID YOU KNOW?

- In the United States, an average of 20 people experience intimate partner physical violence every minute. This equates to more than 10 million abuse victims annually.¹
- 1 in 4 women and 1 in 9 men experience severe intimate partner physical violence, intimate partner contact sexual violence, and/or intimate partner stalking with impacts such as injury, fearfulness, post-traumatic stress disorder, use of victim services, contraction of sexually transmitted diseases, etc.² This is commonly considered "domestic violence".
 - 1 in 3 women and 1 in 4 men have experienced some form of physical violence by an intimate partner. This includes a range of behaviors and in some cases might not be considered "domestic violence".³
 - 1 in 7 women and 1 in 25 men have been injured by an intimate partner.⁴
 - 1 in 10 women have been raped by an intimate partner. Data is unavailable on male victims.⁵
 - 1 in 7 women and 1 in 18 men have been stalked. Stalking causes the target to fear she/he/they or someone close to her/him/them will be harmed or killed.⁶
- On a typical day, domestic violence hotlines nationwide receive over 20,000 calls.⁷
- An abuser's access to a firearm increases the risk of intimate partner femicide by 400%.⁸
- Intimate partner violence accounts for 15% of all violent crime.⁹
- Intimate partner violence is most common against women between the ages of 18-24.¹⁰
- 19% of intimate partner violence involves a weapon.¹¹

WHY IT MATTERS

Domestic violence is prevalent in every community, and affects all people regardless of age, socio-economic status, sexual orientation, gender, race, religion, or nationality. Physical violence is often accompanied by emotionally abusive and controlling behavior as part of a much larger, systematic pattern of dominance and control. Domestic violence can result in physical injury, psychological trauma, and even death. The devastating consequences of domestic violence can cross generations and last a lifetime.

SEXUAL ASSAULT

- 1 in 5 women and 1 in 59 men in the United States is raped during his/her lifetime.¹²
- 9.4% of women in the United States experience intimate partner sexual assault in their lifetimes.¹³

STALKING

- 19.3 million women and 5.1 million men in the United States have been stalked.¹⁴
- 66.2% of female stalking victims reported stalking by a current or former intimate partner.¹⁵

Access To and Use Of Voter Registration Lists

8/5/2019

Overview

This page provides 50-state information on access to voter lists. States have varied requirements on who is eligible to request a list of voters, what information the list contains, what information is kept confidential, and how information contained in voter lists may be used. Many states also have specific programs to keep all voter information confidential for certain classes of voters.

The availability of voter lists for campaign purposes is longstanding; candidates benefit from knowing who their party's voters are. Statutes govern the details. Legislators who are interested in expanding or restricting access to voter information may want to consider the following questions:

- Who should have the access? Only political parties and candidates, the general public, academics, others?
- What information will not be provided when voter lists are distributed? Date of birth, driver's license numbers, other identifying information?
- What provisions are made to protect information for people who require address confidentiality, such as victims of domestic violence, sexual assault or stalking? (Learn more about Address Confidentiality Programs here).
- Should law enforcement agents or judges be provided with similar confidentiality?
- Is information about pre-registrants, or those under the age of 18 who are pre-registered to vote and are thus minors, be confidential?
- What process for requesting and receiving voter lists is appropriate? Some states provide a portal for access, others may run a custom extract of voter registration data depending on the information requested.
- Are there restrictions on the uses of the lists, such as that they cannot be used for commercial gain?
- Is there a mechanism for enforcing that policies are followed?
- What is an appropriate fee for voter lists? See the United States Election Project for more information.

The chart below provides statutory information. In it the following acronyms are used:

ACP = Address Confidentiality Program

DOB = Date of Birth

DL = Driver's License

ID = Identification

State	Who can request the voter file?	What information does the file contain?	What is kept confidential?	What can the file be used for?	Programs to keep voter information confidential?
California Cal. Elections Code §2184 et seq., §2194, §2166, §2166.5, §2166.7 Cal. Government Code § 6254.4	Candidates, parties, ballot measure committees, and to any person for election, scholarly, journalistic, or political purposes, or for governmental purposes, as determined by the Secretary of State. All voter information is confidential except for those listed above that may request lists.	Name, address, telephone number, political party preference.	DL number, SSN, any other unique identifier, signature.	Non-commercial purposes. Specifically prohibited uses include: harassment of any voter or voter's household; advertising, solicitation, sale, or marketing of products or services to any voter or voter's household; or reproduction in print, broadcast visual or audio, or display on the Internet or any computer terminal, except for the authorized purposes described above.	ACP participants; public safety officers; a reproductive health care service provider, employee, volunteer, or patient; a person with a life-threatening circumstance.
Colorado Colo. Rev. Stat. § 1-2-302, § 24-30-2108, § 1-2-227 Public Voter Data and Information Requests FAQs	Available to the public upon request.	Full name, address, year of birth, political party, vote history.	Personal identifiable information such as SSN, DL number, or full dates of birth; electronic copies of signatures.	Not specified.	ACP participants; pre-registrants
Connecticut C.G.S.A. § 9-35, § 9-36, § 9-23h, C.G.S.A. § 54-240g	Lists are made available for public inspection and copies are available upon request by municipal registrars.	Not specified.	Full SSN	Not specified.	ACP participants

State	Who can request the voter file?	What information does the file contain?	What is kept confidential?	What can the file be used for?	Programs to keep voter information confidential?
Georgia Ga. Code Ann., § 21-2-225 § 21-2-225.1	Available to the public.	All information except what is listed as confidential, including year of birth.	Month and day of birth, SSN, e-mail addresses, DL numbers, location at which the voter registered.	Non-commercial purposes.	
Hawaii HRS § 11-97, §11-14, § 11-14.5	Some information is public, and other information is provided only for election or governmental purposes.	Full name, address, district/precinct, and voter status are public.	All other personal information shall be confidential except for election or government purposes.	Only election or governmental purposes.	Addresses and phone numbers are kept confidential if a life threatening circumstance exists to: a law enforcement person; the law enforcement person's family; or persons otherwise determined by the clerk of the county in which the person is registered, or if the disclosure of the residence address or telephone number of a person would result in an unwarranted invasion of personal privacy or expose the person or a member of the person's family to risk of bodily harm.
Idaho Idaho Code §34-437, §34-437A, §19-5706	Any person may request it.	Name, address, precinct.	Not specified.	Non-commercial purposes.	ACP participants
Illinois 10 ILCS 5/1A-25 10 ILCS 5/4-8	State political committees and government entities may receive the statewide voter list, at a cost. List is also available for public view on a computer screen at the State Board of Elections office during normal business hours, but the person viewing the list may not print, duplicate, transmit, or alter the list.		Not specified.	Non-commercial purposes.	ACP participants

State	Who can request the voter file?	What information does the file contain?	What is kept confidential?	What can the file be used for?	Programs to keep voter information confidential?
Kansas Kan. Stat. Ann. §25-2320, §25-2320a, §25-2309, §75-451	Any person may examine (under supervision) the voter registration books and active voter lists or request a written copy.	Not specified.	SSN, DL number or any part thereof must be removed or rendered unreadable.	Non-commercial purposes. Compiling, using, giving, receiving, selling or purchasing the information on or derived from voter registration lists, solely for political campaign or election purposes, shall not constitute a commercial use of voter registration lists.	ACP participants, any person requesting address to be concealed from public inspection due to invasion of personal privacy or a threat to the voter's safety.
Kentucky Ken. Rev. Stat. §116.095 §117.025 §14.304	County election officials must permit any citizen to inspect or make copies of any registration record without a fee, and any citizen may request a copy of the registration records (which costs per page). The State Board of Elections must furnish (at a reasonable cost) any and all precinct lists to candidates, political party committees or public question committees.	Not specified.	SSN is redacted.	Non-commercial use. Commercial use includes: use of the voter registration list for profit, the solicitation of donations, or for the sale or advertisement of any good or service; or the transfer of a voter registration list by the requester for a profit to any other person whom the requester knew or should have known intended to use the voter registration list for the uses above. Commercial use does not include: scholarly, journalistic, political (including political fund raising), or governmental purposes; media use or candidate use.	ACP participants

State	Who can request the voter file?	What information does the file contain?	What is kept confidential?	What can the file be used for?	Programs to keep voter information confidential?
Maryland MD Code, Election Law, §3-506 COMAR 33.03.02.03 33.05.02.02 33.04.02.02 MD Code, Family Law, § 4520, MD Code, State Government, §7-303	Registered voters in Maryland.	Applicants for the copies of the registration list may specify the information to include among name, address, party affiliation, sex, DOB, voting history.	SSN, DL number	Non-commercial use. Any person who knowingly allows a list of registered voters, under the person's control, to be used for any purpose not related to the electoral process is guilty of a misdemeanor.	ACP participants (victims of domestic violence and human trafficking victims), law enforcement personnel, persons being threatened, victim of or witness to felony, others on the grounds that the disclosure of the individual's address poses a safety threat or is likely to lead to an unwarranted and serious invasion of privacy.
Massachusetts Mass. Gen. Laws Ch. 51 §47C, §37, §44	State party committees, statewide candidate committees, state ballot question committees, the jury commissioner, adjutant general, and any other individual, agency, or entity that the state secretary designates.
