

To recap, a smaller working team will begin discussing the needs, logistics, timing and messages. From LHM's end, it's Blake Andersen (Megaplex President), John Kimball (Vivint Smart Home Arena President) and Kari Larson (Director, Community Relations, Utah Jazz). Charlotte, please feel free to reach out to them for next steps (they are copied on this email).

We understand the scope of the project to include:

1. SL County's use of Vivint Smart Home Arena and Megaplex's Cottonwood, Jordan Commons and District locations for voting and potentially, same day voter registration. Justin Lee, if the plan for Megaplex theatres works for other counties, please let us know how we can connect and support.

- Equipment/machines will need to be delivered and securely stored a few days in advance and up to a few days after
- Hours on voting day are 5:30 am to approximately 10 pm
- We will need security and staff available
- We will assist with flow of voters and the county's COVID health/safety recommendations
- We will provide free parking
- We need a communications plan

2. Public Service Announcement campaign/messaging regarding 1) updating personal addresses to ensure ballots are mailed to the correct location and 2) returning ballots by mail. We can discuss using our "Lead Together" or "Driven to Assist" campaigns with this and should tie in Justin Lee with the state election office to ensure this messaging serves all counties and the statewide population.

Shall we all plan to connect around the first part of September to see how things have progressed?

Again, we are thrilled to partner with you and to assist Utah's voters. I'll work to get a meeting set on the calendar that works for all of us.

All the best,  
Amanda

Part 6 - List of voters processes in request 5 – should include removed voter's address, registration date, date of notice, State Voter ID (Race is not tracked), any contact information, and reason for voter's removal.

LG – These files as sent directly to our printers, we are sent a weekly report that shows the quantity mailed out.

How do we insure any of these lists do not contain information from private voters?

**Candidate Statement of Interest:** I am respectfully seeking the reappointment to the Standards Board Executive Board. We have made several monumental leaps with the VVSG 2.0 that is now in public hearing and I want to continue to ensure we maintain that momentum and guarantee the voice of the local election administrator is present in this process. Deborah Erickson is the Administrative Services Director for Crow Wing County, Minnesota where she oversees the elections, finance, information technology, and facilities teams. Through her over 25 years of experience in county government, Debby has honed an expertise in election administration in multiple roles including as an elected auditor prior to her appointment as administrative services director.

Debby serves as chair of the Elections Committee for the Minnesota Association of County Officers and has participated as a member of several state task forces on various topics including electronic pollbook implementation and election emergency preparedness and election cyber security. Through her work with the state association Debby has worked closely with legislators to provide a local perspective on election administration laws and potential legislation. She has served as a designated recount official for multiple jurisdictions and statewide recounts and has conducted trainings in elections best practices throughout the state of Minnesota.

Debby is a certified Minnesota elections administrator and received her BA in management with honors from the College of St. Scholastica.

I am a native of Omega, Indiana (population 50). Although Omega was too small to have its own town government, I developed a lively interest in the elections process that has never left me.

I received my undergraduate degree in history and political science from Indiana University (B.A. 1978), and was a student in one of the nation's first election law courses, which was offered at the Marshall-Wythe School of Law, College of William & Mary (J.D. 1981). I am a member of the California and Indiana bars.

My interest in voting system standards goes back almost to the beginning of my involvement in election administration. I served as counsel to the Indiana House and Senate Elections Committees from 1985-1990, and drafted legislation setting forth the standards and certification procedures for new voting systems.

I served as General Counsel to the Indiana State Election Board (later Commission) from 1992-1999. My duties included providing staff support and legal advice to the Voting Systems Advisory Committee, whose membership included county election administrators and individuals with technical expertise concerning voting systems.

From 1999-2002, I served as Director of Elections for the Secretary of State of Minnesota, and supervised the voting system certification process in that state, including a revision of administrative rules concerning voting system standards.

Since 2002, I have served as Co-Director of the Election Division of the Office of Secretary of State of Indiana. My duties include preparing legislation to update voting system statutes and bringing enforcement actions before the Election Commission against vendors who market or sell uncertified voting systems.

In 2005, I drafted legislation which led to the creation of the Voting System Technical Oversight Program (VSTOP), one of the first state-level voting system certification programs, which is administered by Ball State University. In 2013, I drafted legislation to enable VSTOP to administer the nation's first statutory certification program for electronic poll books.

I served as President of the National Association of State Election Directors (NASED) from 2012-2013. During my tenure as President, I established a NASED committee to plan for the continued development and improvement of voting system standards while the EAC and Standards Board were not functioning.

I have served as Chair of the Standards Board in previous years (having previously served as Vice-Chair and Secretary). I serve as chair of the bylaws committee, and as an Executive Board member, have been active in planning several Standards Board meetings.

Thank you very much for your consideration and the opportunity to serve.

**Candidate Bio (Not to exceed one page):**

I have worked in the Clerk's office for over 30 years and as a Clerk or Deputy Clerk for 25 of those years. I have worked in Villages and Cities, large suburban communities and very small rural communities.

I began in a small rural community in northern Wisconsin where we were not required to have voter registration. All our elections were conducted by paper ballot with hand count at the end of each election, taking many hours to complete. When HAVA went into effect we became part of the statewide voter registration system and received equipment for voting at elections, as well as continuing paper voting by those who wished to do so.

Getting involved at the state level with the Wisconsin Municipal Clerks Association is where I began my intense learning of the election processes as well as the laws that regulate them and the equipment we use today. I have been a member of the WMCA since 1994 and on the committee covering elections (Elections Communication Committee) since 2008.

Over 6 years as Wisconsin Certified Trainer of Chief Election Inspectors  
2011 - Master Municipal Clerk Certification through the International Institute of Municipal Clerks.

2015 - Appointed to EAC Standards Board

2015 - Current - Appointed to Standards Board sub-committee of the USPS.

2017-2018 - President of the Wisconsin Municipal Clerks Association.

During my career I have conducted nearly 60 elections and met with countless Wisconsin Municipal Clerks to work on the details of what goes into conducting successful and transparent elections. This includes the laws, the administrative rules and many nuances of various situations that can occur with elections and the voters. This would include equipment concerns, absentee voting and care facility voting to just name a few.

I have also testified at Wisconsin Capitol hearings on elections, as well as the Wisconsin Election Commission meetings, regarding laws and their details that Clerks will have to implement after passage. The goal always being to arrive at laws that are effective and can also be implemented at the local level in a consistent and efficient manner. This effort was always a means of all officials, at every level, working together to make elections secure, fair and transparent for all.
