Hi Justin & Derek,

I am very concerned that just today we received 175 paper registration forms from your office. The earliest date on the forms was September 25<sup>th</sup> and the latest October 4<sup>th</sup>. (There is not a postmark date on your envelope so I don't know when they were sent.)

We are sending the extract to our printer today at 12:30 pm so ballots will be mailed on October 13<sup>th</sup> in compliance with the law. We cannot possibly get the data entry done on this quantity of forms so they will be included on today's extract. We have been working long hours to ensure that every form that was submitted up to today will be processed so ballots will be mailed to the voters timely.

I don't know what can be done in the future to expedite the delivery of forms you receive. We would appreciate your assistance in getting this resolved since time is of the essence.

Thank you,

**Subject:** Fiscal Note for HB112 - Initiative change

Looking for your cost estimates on this short bill.

This bill would require that if an initiative is passed by the people, and the legislature amends it, that the amended initiative must go before the voters before it can become law.

Other than lengthening the ballot (which I don't think we can quantify) and creating/adding to a statewide VIP (LG's office – did you already provide cost estimates for this?), are there any other costs this would create?

Thanks,  
R.
