It could be a big issue on the 3rd.</p> <p>John Applewhaite</p> <p>Why do you keep marking completed on requests we have just logged and that have not been completed?</p>	DAVID SCHIFF
4	Resolved by Tech;	<p>We have noticed as we reconcile our logs and ballots that if we reissue a ballot to a provisional voter it is creating duplicate logs. It is throwing off our count and creates the look that they have voted twice. Is there a way to remove or merge the entries. It is only on the provisional logs that this duplication is occurring. Please advise.</p>	JAMES CRABTREE
