Just spoke with Rep. Petersen.

He has an elections bill drafted and will release within a few days.

The bill does two things:
1. Requires clerks to update the voter list (in whatever manner the code currently specifies) at least 90 days before an election. (he realizes that most counties already do this, but worries that some counties might not be doing this)
2. Requires a statement on the outside of the outbound envelope that says something like this, "if the voter listed on this envelope is no longer living at this address, please return this envelope to the county clerk's office." (He worries about the optics of when residents receive ballots for people who no longer live at that address, and thinks this is a simple way to begin to address that.)

He said that he doesn't want to make dramatic changes, just incremental changes.

I asked him if he'd consider not running his bill and talk with Rep. Hawkins about addressing these concerns in his bill. That's when Rep. Petersen said that the bill is almost ready to be made public.

Just thought you'd like to be aware. I'm sure this won't be the last election bill - we usually see about 30 election bills every session in normal years.

Thanks,
R.
