Subject: Fwd: Notice of NVRA Violation

Sherrie,

I received the attached letter regarding voters [REDACTED] (voter ID # [REDACTED]) and [REDACTED] (voter ID #3 [REDACTED]). It appears to me that both voters were sent the appropriate notices and were removed from the roles using the appropriate procedures. [REDACTED] has subsequently registered to vote and is currently listed as an active voter.

Could I please get a response from your office on this matter that I could provide to the attorney along with our response?

Thank you,

On Wed, Jun 3, 2020 at 12:39 PM Pam Tueller <PTueller@slco.org> wrote:

Justin,

[REDACTED] registered to vote at the address of [REDACTED] on [REDACTED]. He has not voted in any election at this address since he registered to vote. We sent him a confirmation notice in 2012 to verify he was still at the address listed above on July 27, 2012. The confirmation notice was returned and updated on October 3, 2012 and a new voter information card was mailed to [REDACTED] on October 7,

affiliation updated to UUP. After UI and DTS fixed the problem on July 13, 2017, there do not appear to be any other registration issues. Other than those seven voters, any voter who requested to have their party updated to UUP but is currently affiliated with another party, appears to have submitted a subsequent voter registration form.

When these issues were first brought to my attention I reached out to Salt Lake County to look at [REDACTED]'s record. Because we could see his voter registration form clearly indicated he wanted to affiliate with UUP, Salt Lake County immediately updated his record. The fix for the remaining six voters can be just as simple. Because we have forms on file for those voters showing their desire to affiliate UUP, their record will be updated accordingly. As we have also discussed, we will look into passing the voter more complete information regarding their voter registration once it is processed so any issue can be identified quickly.

The second voter registration issue is unique to [REDACTED]. On November 7, 2017 [REDACTED] voted using a provisional ballot. A provisional ballot form is used to update a voter's registration information. At that time he selected "unaffiliated" for his political party. On March 12, 2018 [REDACTED] filled out a voter registration form and designated his party affiliation as "United Utah." His party affiliation was updated in the system to UUP.

On March 26, 2018 Cache County was working through provisional ballot information and a temporary worker updated [REDACTED]'s voter registration using the information on the November 2017 provisional ballot registration. This was a mistake. I have attached a letter from Cache County explaining how this happened. Cache County has since updated [REDACTED]'s party affiliation to UUP.

Derek Brenchley from our office is sending you a response to your GRAMA request dated May 11, 2018.

I am more than happy to set up a meeting or a phone call to answer any questions or to explain any of the responsive documents included in the GRAMA request.

Thank you for bringing these issues to our attention.

[REDACTED]

Justin R. Lee
Director of Elections

July 13.

It looks like he party affiliation should be updated to match his form.

Let me know if you see anything I'm not seeing.

Subject: [REDACTED] Voter Reg Issue

Hi Sherrie and Pam,

It appears there is an issue with [REDACTED]'s ([REDACTED]) voter registration.

He marked his party affiliation as United Utah Party on [REDACTED], but his affiliation is listed as Unaffiliated. I don't see any documents that show he changed anything after [REDACTED].

He recalls receiving something from you that says he was affiliated with UUP, but I'm not seeing anywhere in VISTA that records him as being UUP, just unaffiliated. I'm guessing there was some bug with the party right after we certified them, which would have been July 13.

It looks like he party affiliation should be updated to match his form.

Let me know if you see anything I'm not seeing.

Thank you,

Justin

Subject: Re: Accessible voting

Utah County has an online secure voting system. This not only makes it accessible for the visually impaired but also allows them to vote from home and not have to arrange for transportation to get to a voting machine. Utah County did a wonderful presentation on their system at the National Federation for the Blind conference held virtually in July. It was secure and accessible. Is this a possibility for our county?

Subject: Mail Ballot Question

Hello - I had a question regarding my mail in ballot. This year I requested to receive it by mail due to COVID19. With all the uncertainty about the U.S. Post Office and their operational capacity during the 2020 elections, I want to ensure my father and I get our mail ballots in time.

So, I'm writing now, hoping to get our ballots as soon as possible. Or maybe you can instruct me on how we can get them sooner. I checked the tracking of my ballot and this is what I'm seeing at the moment (screenshot attachment), my guess is that this tracking system is for when I already mail the ballot, and not its current status.

Thank you for your help.

Best,

Subject: Re: FW: Mail Ballot Question

Hi Sherrie,

The "Track My Ballot" option allows a voter to see if a ballot has been sent to them and determine if it has been received and/or counted by the county clerk. Here are the various statuses that voters may see on that page as well as the logic behind each status:

- NO_BALLOT_STATUS = "No Ballot Found." There is no ballot data generated for the voter (or the date of the election is 45+ days away).
- A_BALLOT_COUNTED = "Your mail ballot was counted." The ballot was counted (no data in XCOUNTREASON) and the date is Election Day and after.

The EAC website indicates that Salt Lake County does not use EAC accredited systems. Why is that? What are they using? If their systems are not accredited by the EAC, how is the Lt. Governor ensuring they meet the requirements in section 2a(ii)? Is the same method of certification used for Salt Lake County machines as is used in other counties? If not, how are Salt Lake County machines certified? Is a report available for their certification? If so, how can the public view this document?

I contacted the Lt. Governor's office a couple of weeks ago to ask where to find previous election audits. However, no one has responded to my inquiry. Perhaps you could help direct me? According to Verifiedvoting.org, they should be posted on the Lt. Governor's website, but I cannot locate them there. Could you tell me where they are posted for public viewing?

Finally, I have grave concerns about the voting systems we use in Utah for our elections. The attention these machines are finally getting nationally, has given me hope that we might finally address their vulnerability to outside influence. While the highly contested states have clearly shown there is reason to be concerned, other states are now finding reason to question their own vote counts. Just this past week New Hampshire found significant discrepancies in down ballot races after a hand count. A simple audit of these machines is not sufficient to find many of these problems. Facing the fact that there may be a problem with our machines is not a popular topic among our elected officials as it requires them to question the validity of their own contests and the possibility that they are not duly elected. How would you suggest Utah begin an honest inquiry into our voting systems to ensure that we truly have an election we can feel confident is accurate and safe from potential outside tampering?

Thank you for your time. I look forward to receiving your answers to my questions.

On Mon, Aug 31, 2020 at 5:08 PM Hatch,Ricky <rhatch@co.weber.ut.us> wrote:

Curtis/Sherrie/Justin,

County Seat would like to do a show on Ranked Choice Voting. I thought you three and I might be a good panel and wanted to see if you'd be interested. The show would do a fairly neutral story about RCV, how it works, it's claimed benefits, where it has been used, including in UT. Then we as the panel could discuss some of the complications and issues.

Right now we're looking at filming this Wednesday afternoon, around 3 PM. [REDACTED]

If we decided to film Wednesday, would you be willing/available? We would film at the UAC offices in Murray.

Thanks,
R.
