Tom,

Sorry I missed you yesterday. Your voice mail and email make sense. It does seem that adding a definition [REDACTED] would help.

Thanks,

R.

Also, where can I find out information on what voting machines are used in Salt Lake County and what protocols are used to ensure the integrity of the voting system?

Thanks for your help.

✓ TRACK MY MAIL OR PROVISIONAL BALLOT

After you have submitted your ballot it may take the county clerk a few days to process your ballot and update your status. If your status is not yet updated, please check back. If there is any issue with your ballot, your county clerk will reach out to you.

This tool displays tracking information for by mail ballots or provisional ballots. It does not display information if you voted in-person on a voting machine at a polling location.

Name [REDACTED]

Type of Ballot: No ballot found. You will be able to track your ballot when ballots are mailed 21 days before the election.

Ballot Status: No ballot found. You will be able to track your ballot when ballots are mailed 21 days before the election.

Questions about your ballot? Contact your county clerk:

Subject: PAC Paying for Mailer?

Mark and Sherrie,

Doesn't the 'entity' who paid for this mailer ('Draper Residents Asking How Many Weeks are in This Election') need to be registered with the state as a PAC?

Is there any way for you to find out who really paid for this mailer?

To: Leo Lucey <llucey@agutah.gov>
Subject: Assisted living residents

I'm very concerned that people who live in assisted living facilities will not be able to vote because of Covid-19. Covid-19 has made it almost impossible for any visitors to enter which I can understand that but when residents are telling me who are mentally competent that they're not getting ballots and they do not know where to go or who to call to vote it really concerns me! I hope we can get to the bottom of this, my friend's name is [REDACTED] her phone number is [REDACTED] if she does not answer and you need to call me for anything my number is [REDACTED]. The director at Legacy in south Jordan Utah assisted living is [REDACTED] you can call the Director and make sure that they're doing everything they can to make sure everyone who wants to can vote!

Thank you,

[REDACTED]

2016 Election Results Reporting Guidelines - DRAFT
Adopted June __, 2016

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

For the 2016 General Election that means ballots would be counted and results released on:

Tuesday, November 8

Friday, November 11

Tuesday, November 15

Friday, November 18

Tuesday, November 22

To help the public know when to expect results we also propose that those results be released between 12:00 p.m. and 3:00 p.m. on those days.

H.B. 21 also provides that if releasing results on any day will result in the disclosure of a voter's vote the election officer can request permission from the Lt. Governor to delay releasing results until enough ballots can be counted to protect a voter's vote from being disclosed. If your county has *less than 20 ballots counted on a given day* you can consider that permission to withhold releasing those results is granted. If you run into any other situation where you feel the privacy of a voter's vote could be compromised we will deal with those on a case by case basis.

Finally, for previous elections we have only asked that you send us election results on election night. With this new law we are asking that you send us the election results each time you release them so that we can update the totals on the statewide election results web page. This will give voters and media one site they can visit to get all updated results.

If you have any issues or suggestion for this proposal please let us know by Wednesday, June 8. Once we get feedback from you we will officially put out these guidelines from our office.

Thank you,

Justin Lee
Deputy Director of Elections
Office of the Lieutenant Governor
State of Utah

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative. The second part of the paper is devoted to a detailed study of the properties of the solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the solutions of the system of equations (1) are unique and depend continuously on the parameters α and β . The third part of the paper is devoted to a study of the asymptotic properties of the solutions of the system of equations (1) for large values of the parameters α and β . It is shown that the solutions of the system of equations (1) approach zero as the parameters α and β approach infinity.

Thank you,

Justin Lee

Hi Sherrie,

Yes, the system does stop displaying the information at a certain point after Election Day. Given the interest from voters I will have the team turn that feature back on.

Thanks,

Justin

Hi Justin,

Has TRACK YOUR BALLOT been inactivated?

I think some voters are still trying to access their information. Here is an email I received on December 20th. His vote was received and counted, but when I enter his information in TRACK YOUR BALLOT, it says there is an error, etc. I also received one other question about it.

I can send him a snippet of his by-mail history from VISTA, but I would like to let him know if there is a reason he can't access the information on vote.utah.gov. I assume that is where he checked.
