

6/28/2022 email from Monica in Rhode Island via CofA

Hi,

I sent you an email last night per your request re: videos of surveillance of drop boxes ... I am hoping it only went to you and not the whole list of names on the email but that's water under the bridge at this point!!! I have an even more clear email from the town clerk, which i will copy and paste into this email to prevent that happening again!!

Just for clarification I never asked for every ballot mailed out... I asked for names of Returned as Undeliverable (but she can't do that either because she has 3,000 sitting in envelopes in boxes in her office).

Hello Monica,

As I stated in previous email. I am working with the Board of Elections with your request. They have come back with if you want a copy of every mail ballot that was mailed out. The cost would be in the \$10,000 range. They are checking into the manufacture of the camera and installation. The footage only last 30 days and then records over and over depending on the activity.

Thank you for your invitation to attend your meeting. However, at this time I need to decline.

Regards,

Lori
