Each county has its own Election Judge Training Workbook, whether they developed it themselves or based it on the template provided by the Secretary of State.

A return to hand counting ballots will necessitate some updates and additions to the Clerk's workbook.

What is being provided in this section addresses (almost) only the hand counting specific tasks and has a two-fold purpose: one, to assist the Clerk with updating their county's workbook; and two, to provide more detailed answers to experienced Election Judges who will have very specific questions about the hand counting process.

Quick Checklist

Details are provided in the following sections, but these Hand Counting Checklists are likely all that will be needed for judges trained and experienced in the hand counting process.

Some opening tasks are already performed by Election Judges but are included here because they overlap hand counting steps.

Who Is the Counting Team?

Counting Teams are Election Judges

Election Judges are the persons assigned by the Clerk to carry out the election functions at the polling place, including hand counting ballots. Sometimes referred to as poll workers, Missouri Statutes uses the title, “Election Judge” and has specific titles for some of the roles filled by Election Judges.

The Resource Section includes information about how to become an Election Judge (pg. 189).

Receiving, Counting, Recording, and Supervisory Judges

The Election Judge titles describe functions rather than individuals, and any Election Judge may perform more than one function at a polling place on election day. Also, keep in mind that Counties may use different titles. (see 115.447 pg. 237)

Most voters will be familiar with the Election Judges who are at the tables where voters sign in. They are simply called Election Judges unless they are the judges initialing ballots after they have “certified” a voter’s eligibility to vote. In this case, they are called **Receiving Judges**.

The **Recording Judges** tally the votes received by candidates and for or against questions on the ballot.

During the counting process, the **Counting Judges** are responsible for handling the ballot boxes and the ballots. They read the number next to the distinguishing marks made by the voter out loud so that the Recording Judges can tally the votes.

Two Election Judges are designated by the Clerk as **Supervisory Judges**. According to statute, the primary responsibility of the Supervisory Judges is to return election supplies from the polling place to the Clerk. The Clerk may also prescribe additional duties for these Election Judges. (see 115.081 ¶4 pg. 231)

Multiple Counting Teams at a Polling Place

Depending on anticipated ballots that will be cast, and the amount of time needed to hand count them, the Clerk may want to schedule multiple counting teams.

Election Judges May Work Half Days

Election Judges may be employed for half days – either the first half or the second half of election day. This is a decision made by the Clerk, as the Clerk is required to ensure enough judges are present at all times the polls are opened.

The Clerk must also ensure that at least 1 Election Judge from each political party serves a full day and that there will be an equal number of Election Judges from the political parties during the day.

Assigning Election Judges to the Counting Team(s)

Each counting team has 2 Counting Judges (1 DEM and 1 REP) and 2 Recording Judges (1 DEM and 1 REP). (see 115.447 pg. 237)

The Clerk may appoint Election Judges representing other established political parties or who do not claim a political affiliation. These Election Judges may assist the REP and DEM Election Judges but may not fill the roles of Recording or Counting Judges. Those roles are specifically

assigned to Election Judges representing the major political parties. (see Political Parties pg. **Error! Bookmark not defined.**)

Questions Requiring Decision by Judges May Only Be Made by REP and DEM Judges

If there is a question that requires a decision by the majority of Election Judges, only REP and DEM judges may make such decisions. (see 115.081 ¶6 pg. 231)

The opening of the polling place is handled by Election Judges, including Supervisory Judges, designated by the Clerk. These Election Judges may or may not also serve as part of the Counting Team. Some of the poll opening duties overlap with tasks required of the Counting Team, so they are outlined here.

The Tally Book

It could be said that the heart of the hand counting process is the Tally Book. There is a Tally Book created by the Clerk for every Polling Place. The book is where Election Judges sign after taking their oath, results of counting are recorded, and the certification of the Statement of Returns is placed when all results are finalized. (see Statute 115.461)

Statute 115.461

Security of the Tally Book at the Polling Place on Election Day is to be a high priority of all Election Judges. Follow the protocols in the Clerk's instructions.

An example of a Tally Book with the sections in order is included in the next section of this book, starting on page 141.

Cover Information

Information about the Polling Place, the County, the election date and type, and contact information for the Clerk is included on the cover page of the Tally Book.

Election Judges Say and Sign Their Oath

The Election Judges (minimum of 2 REP and 2 DEM) count the blank ballots provided by the Clerk.
Enter the number of blank ballots received at the polling place.

OPENING CERTIFICATION & ELECTION JUDGES SIGN-IN

At opening of the polling place, the below-named Election Judges were sworn in as the law directs before beginning their duties.

We hereby certify that:

The number of ballots received at this polling place is 650

The information on the official ballots received at this polling place is the same as the information on the sample ballots received at this polling place.

Election Judges Sign and Initial

All Election Judges who take the oath and are present at the opening of the polling place, write their name, sign, initial, and identify their party affiliation on the certification page in the Tally Book.

Signatures and initials of the Election Judges are important, as they are used to compare to other hand counting forms to ensure that an actual Election Judge signed or initialed the other forms.

Mark the appropriate box on the certification page to indicate if signatures are included on one page of all Election Judges present when the polling place opened or if an additional page was used for signatures.

Demonstrate that Ballot Box #1 is Empty

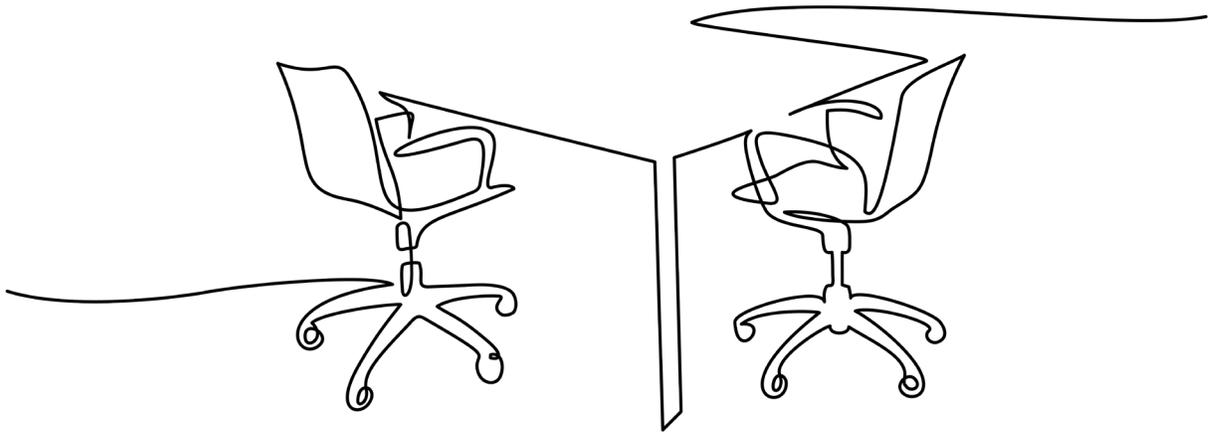

No earlier than 1 hour before the poll opens, Election Judges show that the Ballot Box is empty.

The Ballot Box is then locked, and the key is held by an Election Judge. The Ballot Box must always remain in public view until it is transferred to the Counting Judges for ballot counting.

This will be considered Ballot Box #1, as the Counting Judges will also have empty ballot boxes that will be “swapped” with the box filled with ballots when they are ready to begin counting.

Set Up the Counting Area

Needs for Counting Location

Instructions are provided by the Clerk for where to set up the counting space at the Polling Location. The Clerk will provide the following for each counting team (if there will be more than one team).

Furnishings and Other Items for Counting Location

- minimum 1 ballot box to be used when the polling place opens
- table with chairs large enough for 4 judges: 2 on each side across from the other 2; with room to handle the paperwork
- smaller utility table to hold the ballot box should be placed near the **Counting Judges**
- container or carrier for counted ballots and a designated location to keep them secure

Equipment for Each Counting Team(s)

- 1 empty ballot box
- Calculators with no connectivity such as Wi-Fi or Bluetooth (2 per team)
- Magnifying glass
- Flashlight (extra batteries)

Paperwork & Forms for Counting Team(s)

- Tally Book
- Sample Ballot(s)
- Counting Forms prepared and sorted
- List of Authorized Write-In Candidates
- Envelopes for “Valid Write-in” ballots (1 for each batch counted) pre-printed or labels identifying batch & # ballots
- Envelope for “Rejected” ballots (1 per polling place)

Counting Team Supplies

- Color Felt Markers (e.g., Sharpie™ style)
- Blue Ball Point pens
- Pencils, erasers
- Note paper
- Removable “Arrow Flags” stickers
- Paper clips
- Binder clips
- Scotch tape
- Masking tape

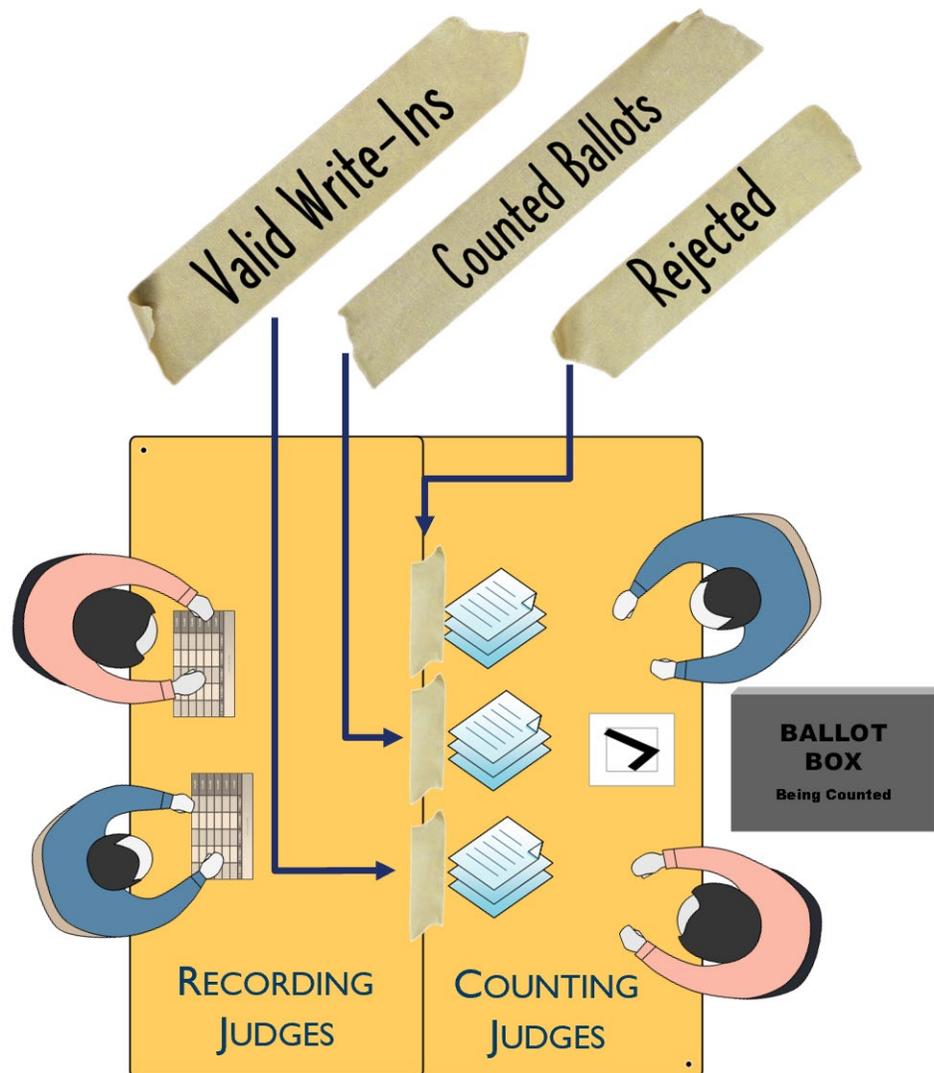

Working Space for Counting Team

The table where the Counting Team will tally votes should have only the necessary forms and supplies on it. Any supplies not currently being used should be kept in a secure space where they cannot be accessed by others in the polling place.

For every ballot handled during the Hand Counting Process, it will either be considered:

- Counted Ballot
- Rejected Ballot
- Counted Ballot with Valid Write-In vote(s)

Place pieces of masking tape on the counting table to make it easy to place each ballot in a pile as the team works through a batch.

31 Working Space for Counting Team - Masking Tape labels for ballot types

Authorized Persons in Polling Places

Understanding who is allowed to be in the polling place, especially near the counting location, is important to maintaining the integrity of the election.

Besides voters who are eligible to vote at the polling place (and their minor children accompanying them), polling places are not open to the public. Additionally, once a voter has placed their ballot in the ballot box, they must immediately leave the polling place. (see 115.443 pg. 237).

There is a statute that defines the persons who may be admitted to the polling place. (see 115.409 pg. 235)

- Election Authority Personnel
- Election Authority Deputies appointed by the Clerk (see 115.053 pg. 230)
- Election Judges
- Watchers and Challengers (appointed pursuant to 115.105 or 115.107)
- Youth Election Participants
- Law Enforcement officials at the request of election officials or in the line of duty
- International Observers who have registered with the Clerk
- News Media (see next paragraph for details)

News Media

Members of the news media may be admitted to the polling place under these conditions:

- Must present identification satisfactory to Election Judges;
- Must be in the polling place only for the purpose of bona fide news coverage;
- Coverage does not interfere with the general conduct of the election as determined by the Election Judges or Clerk;
- Read the full statute (see 115.409 pg. 235)

Who Is Allowed in the Counting Space?

The Clerk will set the rules for their County but, in state statute, anyone authorized to be in the polling place, except voters (and children accompanying them) may also be in the counting space.

Class 4 Election Offense:

No one in the counting space may interfere with or “breach the peace” of the election or hand counting process.

(see 115.637 ¶(17) pg. 245)

Items NOT Permitted in the Counting Space

Other than members of the media, all persons who are authorized to be in the counting space were required to say and sign oaths to which they have sworn they will:

“... make no statement nor give any information of any kind tending in any way to show the state of the count prior to the close of the polls on election day.”

Rules in Counting Space WHILE POLL OPENED

No Pictures

No pictures of any counting forms before poll closing.

All electronic devices powered off

Any cell phone or device that can connect to Bluetooth, Wi-Fi, cell signal, or any type of network must be powered off or left outside the polling place.

No purses, backpacks, duffels, etc. within reach of the Recording or Counting Judges

The Clerk should plan for a container or locker-type cage where Recording and Counting judges can store their personal items.

No beverages on the table or near the ballots

Okay to bring their own calculator as long as it's not a phone

Keep distance from Ballot Box being counted

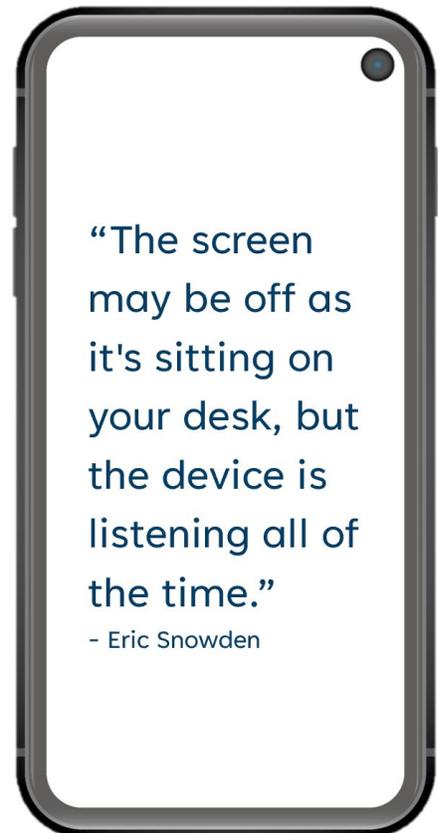

No persons, other than Counting Judges, within arm's reach of the ballot box that is being counted.

Other than the Counting Judges, no one is to touch or reach into the ballot box being counted.

After the Closing of the Poll

Only after the last voter has cast their ballot, left the polling place, and the poll is considered closed, may electronic devices be turned back on, and pictures taken.

- NO pictures of any forms that have full names of Election Judges, Watchers, Challengers, or other individuals.

TURN BALLOT OVER

Statement of Returns Determines “Ballot ID” for Counting

The Clerk determines all candidates and questions that will appear on the ballot in the county for an election.

Even though there are various versions of the ballots because some races or questions are limited to townships, school districts, etc., every candidate and question is included, in the appropriate order, on a “master” list.

The “master” list is then transferred, in order, onto the Statement of Returns – Candidates and Statement of Returns – Questions, as appropriate. The Statement of Returns is used by every polling place, even if some of the candidates or questions will not be voted on at that polling place.

The left column of a Statement of Returns contains a number (numerical order) that becomes the Ballot ID for counting for the candidate or question preference.

This approach creates a unique ID for every candidate/preference. So, for example, the candidate with ID #10 will have #10 on any ballot used in the county.

Ballot ID counting numbers for questions are preceded by “Q.” so, for example, Q.3 will be used for the same issue/preference on any ballot in the county.

Format of Ballots for Hand Counting

The hand counting version of the ballot resembles the current layout used in most Missouri counties. The machine alignment markers around the perimeter of the ballot are omitted. Ovals are now squares. Instructions for marking the ballot are updated. And a very light, small Ballot ID counting number is to the left of every candidate or questions option.

Voters will probably not notice much difference. And, the definitions of “distinguishing mark” will make marking the ballot considerably easier for voters.

Distinguishing Marks

Stories of voters struggling to adequately fill in a small oval, while keeping their marking within the border of the oval, will no longer be an issue. Nothing in the statutes appears to restrict which type of marking device may be used (although pencil is discouraged, and black ink is not preferred). The Clerk or Secretary of State will communicate the rules, if any, of which marking devices may be used.

For candidates, a distinguishing mark appears preceding their name. (see 115.453 ¶1 pg. 238)

For questions, a distinguishing mark appears beside or below the YES or NO. (see 115.455 pg. 239)

CSR for Uniform Counting Standards – Paper Ballots

The Code of State Regulations (CSR) provides the standards Clerks are to use when counting ballots cast using paper ballots. For more information about CSR, see pg. 247.

INSTRUCTIONS TO VOTERS

- ⇒ Use ink to mark the ballot. No pencils.
- ⇒ Indicate your preference by making a “distinguishing mark.” For example:
- ⇒ **Write-in:** To vote for a valid write-in candidate, indicate your preference with a distinguishing mark and write the person’s name on the line provided.
- ⇒ **Questions on the ballot:** If you are in favor of the submitted question, mark “YES”. If you are opposed to a submitted question, mark “NO”.
- ⇒ **Mistakes:** If you spoil your ballot, return it to the election judge to receive a new ballot.
- ⇒ **Numbers in Left Columns:** Small numbers in left column are assigned numerically and used when ballots are tallied.

Review the Sample Ballots (Counting Judges)

Election Judges compare the sample ballots to the official ballots to ensure there are no discrepancies.

The Counting Judges must be familiar with the races and questions on the ballot, especially if there are multiple versions of the ballot (for different townships, districts, etc.). Also, it is important to know if there are any races or questions that allow voters to vote for more than one candidate.

Test Version 20221207v1

36 Example of Ballot - front and back

Voter Intent is Determined for Candidate or Issue Preference

The following criteria will be used by the Counting Judges, per statute, to determine voter intent if **any** of the following are present: (see 115.456 ¶2.(2)(a-c) pg. 240)

- a distinguishing mark in the square adjacent to the name of the candidate or issue preference;
- a distinguishing mark adjacent to the name of the candidate or issue preference;
- the name of the candidate or issue preference is circled.

Examples of Voter Intent for Candidates

The Code of State Regulations (CSR) has several examples showing votes for write-in candidates and whether they are valid or not valid (see pg. 249). These are just 2 examples:

For Governor		
<i>(Vote for one)</i>

<input type="checkbox"/>	MARK TWAIN	PARTY
<input type="checkbox"/>	GEORGE WASHINGTON CARVER	PARTY
<input type="checkbox"/>	_____	PARTY
	WRITE-IN	

This constitutes a vote for Harry S. Truman.

<input type="checkbox"/>	MARK TWAIN	PARTY
<input type="checkbox"/>	GEORGE WASHINGTON CARVER	PARTY
<input type="checkbox"/>	_____	PARTY
	WRITE-IN	

This constitutes a vote for Laura Ingalls Wilder.

37 Examples of Voter Intent from CSR

Counted Ballots

A “counted ballot” is one on which votes were cast and counted on some or all the candidates and questions races without any valid write-in candidates.

When the ballot has been read by the Counting Judges and tallied by the Recording Judges, place it on the pile on the counting table labeled, “Counted Ballots.”

38 "Counted Ballots" masking tape example

Rejected Ballots

A ballot is considered rejected if:

- it is missing initials of Election Judges; or,
- it is overvoted ALL candidates and questions; or,
- the voter is deemed to be unqualified by Election Judges; or,
- it is an absentee ballot without a completed and signed affidavit; or,
- the ballot was voted with unlawful assistance.

(see 115.447 ¶2.(2) pg. 237)

When the Counting Judges deem a ballot to be Rejected, it is placed on a pile on the counting table near the label, “Rejected.”

39 "Rejected" masking tape example

Valid Vote for a Write-In Candidate

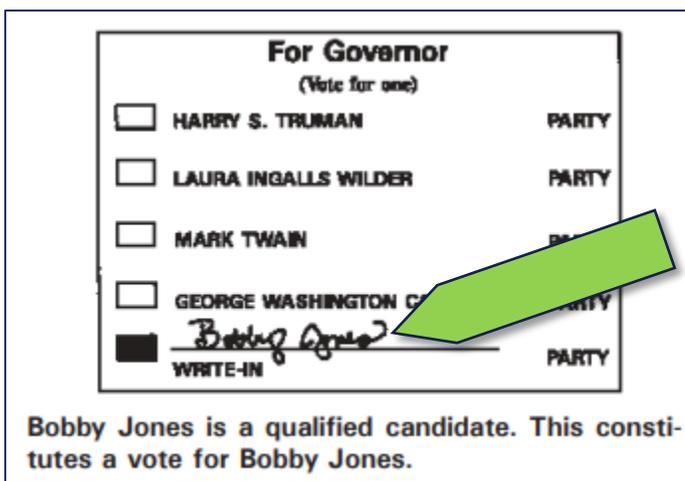

To be considered as a write-in candidate, the candidate must have filed a declaration of intent to be a write-in candidate with the proper election authority. (see 115.453 ¶(4) pg. 238) If that was properly accomplished, the candidate will appear on the list of authorized write-in candidates given by the Clerk to the Election Judges with their supplies.

If a candidate is an authorized write-in candidate, then the following criteria must **all** be present for a vote for a write-in candidate to be considered valid. (see 115.456 ¶2.(3)(a-c) pg. 240)

- distinguishing mark in the **square** adjacent to the name of the candidate;
- name of the candidate (misspelled does not disqualify, needs only to be similar);
- name of the office for which the candidate is to be elected.

Example of Valid Vote for Write-In Candidate

The Code of State Regulations (CSR) has several examples showing votes for write-in candidates and whether they are valid or not valid (see pg. 249).

41 Voter Intent (example): valid vote for Write-In Candidate

40 Arrow Flags: example of product type

"Flag" Valid Write-In Candidates

If a valid vote is cast for a write-in candidate, place a removable arrow "flag" pointing directly at the name of the candidate. This will make it possible for the team that counts write-in votes to quickly identify which write-in candidates were counted at the polling place.

Ballots with Valid Write-In Candidates are Kept Separate

Continue calling votes for other candidates and questions on the ballot with the write-in candidate. When the tallying for this ballot is complete, place it on the counting table next to the tape for "Valid Write-Ins."

Preparing the Ballots Tally form

The Ballots Tally form is used by the Recording Judges to tally the votes as the Counting Judges call them out. Ballots Tally forms for Candidates use an alpha-numbering system to identify their “Group.” The forms for Questions also use an alpha system, but the letter is preceded by “Q.”.

The Recording Judges, 1 DEM and 1 REP, tally votes on their own copy of the Ballots Tally form. The optimal result would be that no mistakes were made by either Recording Judge and their totals at the end of the batch match exactly.

Forms Prepared in Advance by the Clerk

Calculating the expected turnout at the polling place and the number of candidates and questions, the Clerk will print the estimated number of forms needed for the election. These are pre-sorted and clipped into batches with 2 copies of each batch.

Ink Colors to use the Ballots Tally form

Tally marks are to be made using a fine or medium felt tip marker, in any color other than blue or black. The felt tip makes it easy to “dab” as votes are tallied, like dabbing a Bingo card.

It is recommended that any other writing on the form be done with a ballpoint pen preferably in blue ink (but recommended to not use black).

Front Side – Group and Batch Number

“Group” refers to the 25 tally columns on the form. The numeral at the top of each column tracks to the Ballot ID for counting, which is listed on the Statement of Return (see pg. 105).

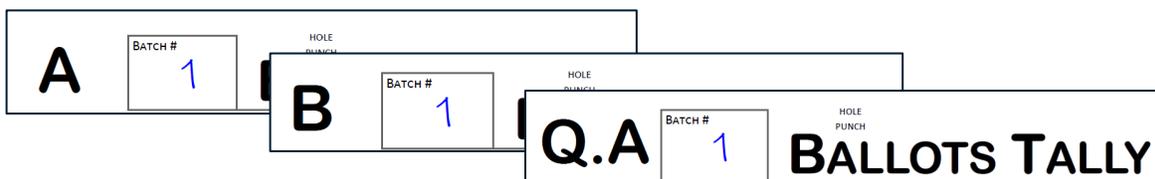

For Candidates:

- Group A: 1 to 25
- Group B: 26 to 50
- Group C: 51 to 75, and so on.

For Questions (the number is preceded by “Q.”):

- Group Q.A: 1 to 25
- Group Q.B: 26 to 50, and so on.

For the example in the Workbook, each batch will consist of Group A, Group B, and Group Q.A.

44 Ballot Tally form (example): marking Batch number in top header

- County Name
- Polling Place
- Counting Location (can be the name of the Polling Place or a specific location inside the polling place)
- Election Date
- Tally Date (may differ from the election date if military or other votes are counted later)
- Time Batch Start

Other information on the header and left sidebar is left blank until tallying of the batch is complete.

To Begin Counting, Receive the Ballot Box

All four judges are seated and ready: 2 Counting Judges (from 2 major political parties) and 2 Recording Judges (from 2 major political parties). An empty ballot box is in the Counting Judges' possession.

At the top of the hour, when counting is ready to begin, a **Receiving Judge** delivers the ballot box to the **Counting Judges**, who, in turn, give the Receiving Judge their empty ballot box.

The Receiving Judge shows that the box is empty, locks it, and it remains in public view until the polls close or it is removed for counting another batch. (see 115.451 pg. 238)

Ballots pulled from Ballot Box One at a Time

"One Counting Judge closely observed by the other Counting Judge," takes a single ballot from the ballot box and holds it so that both Counting Judges can see it.

Check for the Initials of Election Judges

Missing initials mean the ballot shall be rejected, although there is an exception. See the topic for "Rejected" ballots (pg. 109) section.

Counting Judge calls the vote next to the distinguishing mark

Begin to call out each vote, starting on the front page (candidates), leftmost column, and going down to the bottom of the column before beginning the next column.

When the front page is done, flip the ballot over and call votes on the back page.

READ THE NUMBER NEXT TO THE BOX, THEN read the name of the candidate and office sought, or question and preference.

Marking Votes on the Ballots Tally form

This form is a 2-sided document. The front side has identification information and is used to tally the votes. The back side is for the signatures of the Recording Judges.

Hat tip to the Louisiana team (see pg. 203) for the idea of using a pitch count sheet to tally votes in their “Cajun Clothesline” ballot counting model. If you have never seen a pitch count sheet, we put an example in the footnote.⁷

The Ballots Tally form is adapted from a pitch count sheet, except the columns are vertical rather than horizontal.

Also, marking the form is a lot like marking a Bingo card – just a quick “dab” with a color marker.

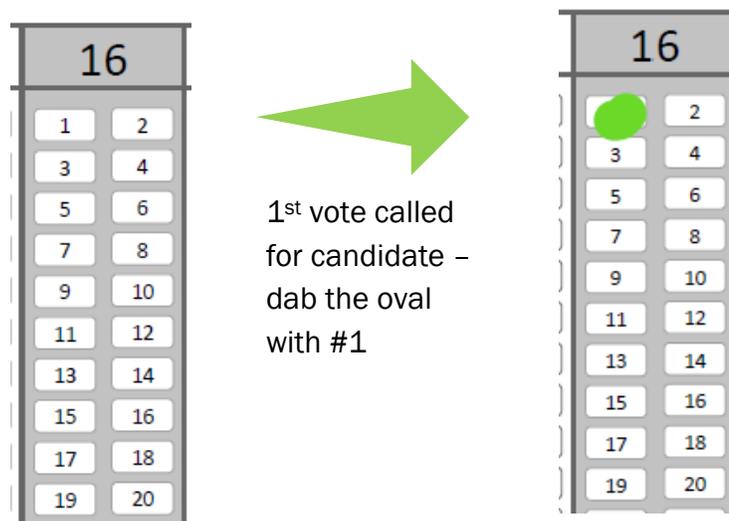

Marking Device to Use to Tally Votes

Tallies must be made in ink, in any color other than blue or black. No pencil marks for tallies. A fine tip marker with a rounded tip is a good choice for making the mark; It leaves a sufficient size dot by simply touching it to the paper. There is no need to fill in the entire oval.

Tally the Vote When it is Called

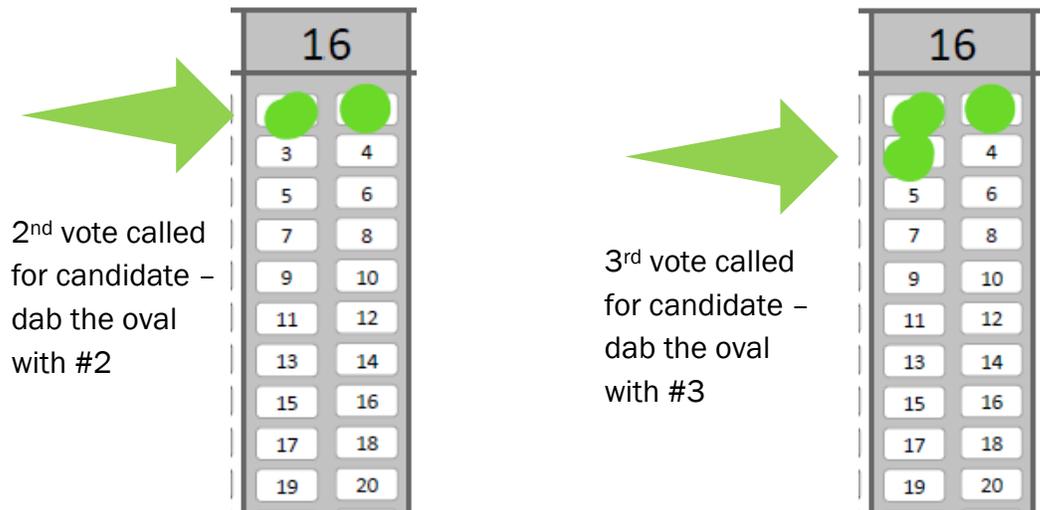

When the Counting Judge calls a vote, the column number is given that appears on the ballot next to the candidate’s name or question preference.

On the Ballots Tally Form, go to the corresponding column for the number called. If the column is blank, “dab” on top of the number “1”.

⁷ <https://www.langleybaseball.ca/wp-content/uploads/sites/937/2021/03/LB-Pitch-Count-Sheet-Tutorial.pdf>

The next time that candidate is called, you will dab the oval with the number 2, which is to the right. Continue going left, right, left, right, and down the column as that candidate receives more votes.

As more votes called for this candidate, continue dabbing left, right, left, right, as ovals are filled going down the column

47 Ballots Tally form (example) shows ovals being "dabbed" as votes called for a candidate

Tip for Locating the Correct Column

Colored cardstock is cut to create a sort of “column guide” 8.5” long and about 3” wide. When the vote ballot ID number is called, move the card to the left of the column (if you are right-handed) or the right side (if you are left-handed).

For example, if “9” is called, place the card to the left of 9 (or right side if you are left-handed).

The image shows a detailed ballot tally form. A blue cardstock marker is positioned over the top portion of the form, with a yellow arrow pointing to the '9' column. The form is organized into several sections:

- Header Section:** Includes fields for BATCH #, FUND#, COUNTY, ELECTION DATE, BATCH START TIME, and POLY PUNCH.
- Party Representation Section:** Lists POLITICAL PARTY REPRESENTED (Circled One), REP, and DEM.
- Official Count Section:** Includes IS THIS TO BE USED FOR THE OFFICIAL COUNT? (Circled One), YES, and NO.
- Summary Section:** Includes IF OFFICIAL, COPY TOTALS TO BATCHES SUMMARY, A THEN RECORD, PG #, and Row #.
- Tally Columns:** A grid of columns numbered 1 through 25, with a 'TOTAL' column at the end of each group.

48 Cardstock Marker used to assist in locating the correct column to "dab"

Recording a Tally in the Wrong Column

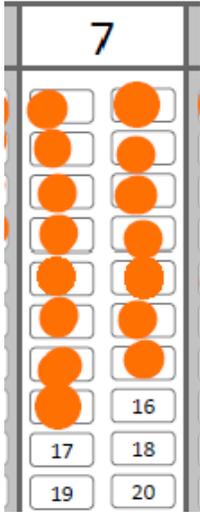

If accidentally marking a tally in the wrong column, use a pencil to circle the oval in which the mistaken tally was marked. Then follow one of these steps to correct the tally:

- If **another vote is called** for the column with the pencil-circled oval, use an eraser to remove the pencil marking. The mistakenly marked oval becomes the tally for the new vote.
- If there are **no subsequent votes** is called for the column with the pencil-circled oval during the remainder of the batch:
 - Leave the pencil marking as is.
 - Use a blue ballpoint pen and put an “X” on the oval circled in pencil.
 - Initial below the oval with the “X”.
 - When recording the column total, disregard the oval with the “X” and use the number from the oval preceding it.

Continue Calling Votes until the Batch is Complete

Proceed to the next section to total the batch of ballots.

Totaling a Batch of Ballots

49 Ballots Tally form (example) - determining last oval dabbed

Two circumstances determine the completion of the batch:

1. All ballots in the ballot box have been called and tallied; or,
2. A column on any of the Ballots Tally forms reaches 100. When any candidate or question has received 100 votes. Finish counting the remaining votes on the ballot. **DO NOT PULL ANY MORE BALLOTS FROM THE BALLOT BOX.**

Note: If a batch is completed before the ballot box is empty, close the ballot box and leave it in its place at the counting table. At all times, a minimum of 2 Election Judges (1 REP, 1 DEM) must remain at the table with the ballot box and ensure there is no tampering.

Determine and Record Column Totals

For each column, find the last oval that was "dabbed." In the example to the left, the next visible number is 16, meaning the last number dabbed was 15, so 15 is the correct total for this column.

Record column totals in the Bottom Row Totals

When a batch is complete, the number of votes cast in the batch for each candidate or question is totaled.

Recording Judges Must Agree on Totals

The Recording Judges compare the totals on each Group form from the batch. Follow the Clerk's guidelines on how to work out discrepancies.

Once the Recording Judges have reached an agreement, they decide which form (either the REP or DEM version) for each group will be submitted as "official."

- The "official" version will be placed in the Tally Book
- The "unofficial" version will be packed with the ballots.

In the left sidebar, each Recording Judge marks their political affiliation on their own form.

Each Recording Judge marks YES or NO to indicate whether or not their Ballots Tally form is the official version.

Recording Judges Initial forms and Ending Time

In the top right corner of the header row, the Recording Judges initial their own and each other's Ballots Tally forms. They also enter the time that the batch was completed.

Total Number of Ballots in Batch

The Counting Judges, together, will count the quantity of ballots for which votes had been called and tallied. The ballots to be counted are those in the piles for "Counted Ballots" and "Valid Write-Ins." (combine the two numbers for a total). When they agree on the total number of ballots, they announce the number to the Recording Judges, who enter it in the top of the left sidebar of their Ballots Tally form.

Record Batch Row Total to the Batches Summary sheet

Using the version of the Ballots Tally form that the Recording Judges indicate as “official.” Match the Group (e.g., A, B, C, etc.) of the Ballots Tally form to the corresponding Batches Summary sheet.

Overlap the sheets, Ballots Tally on top of Batches Summary, and copy the Row Total of the Ballot Tally onto the Batches Summary.

Page and Row Numbers Written on Ballots Tally form

At the bottom of the left sidebar of the Ballots Tally form, write the page number and row number from the Batches Summary sheet where the totals were recorded.

The Ballots Tally form is placed in the Tally Book behind the Batches Summary sheet.

IF OFFICIAL, COPY TOTALS TO BATCHES SUMMARY A THEN RECORD. PG #: 1 ROW #: 1

59 Ballots Tally form, enter the page and row number for Batches Summary sheet

Secure Ballots from Counting Table

After the Ballots Tally form totals are transferred and the forms are completed, the batch of ballots and tally sheets should be secured.

Rejected Ballots

“Rejected” ballots are added to the envelope marked “rejected ballots” which should be on the Counting Table. Only 1 envelope is used for the entire day for rejected ballots.

Valid Write-In Ballots

Take a “Valid Write-In Envelope” provided by the Clerk. Complete the information on the envelope’s label, which includes Counting, Counting Location, Election Date, Tally Date, Batch, etc.

Count the quantity of ballots from the batch in the Valid Write-in pile on the counting table. Enter the quantity on the label, place the ballots in the envelope and close the envelope.

Unofficial Version of Ballots Tally form

The Counted Ballots, including Valid Write-in Ballots in the envelope, and the unofficial copy of the Ballots Tally form are “bound” as instructed by the Clerk (e.g., large binder clip) and held in the secure container or space designated for voted ballots.

Official Version of Ballots Tally form

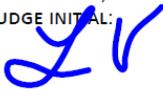

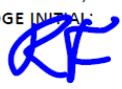

The “Official” version of the Ballots Tally form will be placed in the Tally Book, in the corresponding section, behind the Batches Summary sheet. For example, the Ballots Tally form for Group A goes in section “Group A” of the Tally book behind the Batches Summary Sheet for Group A.
